

# HERE ARE THE RULES:

- Obviously we look at all submissions before publishing.....
- Make sure it's your own work!
- No personal attacks please -  
while we don't mind if you criticise things,  
try to keep things civil and don't get personal by  
bringing others down.
- Keep the language and tone respectful as we will  
censor!
- We may choose or you may request that a submission  
is published anonymously.
- Contributions will be published online and may be  
reproduced in print publications.
- If there are facts, quotes or statistics in your submission,  
please tell us where you sourced the information.
